**Procedure for doping control in competitions organised by Estonian-Latvian
Basketball League**

1. Doping Controller is FIBA or other person authorised by Anti Doping Committee, who informs the Game Commissioner about the fact of the doping control.
2. The Doping Controller and the Game Commissioner goes to the teams and inform about the fact of the control, introducing everyone with the control procedure.
3. The home team ensures Controller with a room for doping control procedure.
4. Before the game, Commissioner gives the Controller technical game application for both teams.
5. On the half-time break, Doping Controller, Game Commissioner and representatives of both teams makes a draw in the room for doping control, where a representative of each team blindly selects the Player of his own team.
6. The Doping Controller, in the presence of a Commissioner and both team doctors, opens the envelopes 5 minutes before the end of the game at the Player's bench area. The selected Players numbers are written down on the upper part of the doping control questionnaire.
7. In unforeseen cases, derogations from point 1.-6. are allowed, if they are agreed with the Game Commissioner and do not affect the results of doping control.
8. Doping Controller also has the rights to do doping control for other Players.
9. Team doctors take selected Players from their team and go to the doping control area.
10. Doping control procedure is performed according to FIBA "Anti- Doping Rules" and Regulation No. 820 "Procedure for doping control" by Cabinet of Ministers on 19th October 2011.
- 11 . The decision of infringement of anti-doping rules is taken by the Latvian Basketball Association Board in accordance with the FIBA "Anti-Doping Rules" and based on documents provided by FIBA or Anti Doping Committee of Ministry of Health of the Republic of Latvia, or evidence obtained from Latvian Basketball Association.
